### **EXAMINER'S COMMENT**

#### **Inventorship**

1. This application currently names joint inventors. In considering patentability of the claims under 35 U.S.C. 103(a), the examiner presumes that the subject matter of the various claims was commonly owned at the time any inventions covered therein were made absent any evidence to the contrary. Applicant is advised of the obligation under 37 CFR 1.56 to point out the inventor and invention dates of each claim that was not commonly owned at the time a later invention was made in order for the examiner to consider the applicability of 35 U.S.C. 103(c) and potential 35 U.S.C. 102(e), (f) or (g) prior art under 35 U.S.C. 103(a).

### **REASONS FOR ALLOWANCE**

2. Claims 1-17 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of claims 1, 12, 14 and their extended claims is the claimed subject matter regarding "a start-time control module that, in response to input of a start command of said internal combustion engine during a run in a drive mode where operation of said internal combustion engine is at a stop and said hybrid vehicle is driven with only the power from said motor, drives and controls said motoring module to rotate said internal combustion engine at a control start revolution speed, which has been set based on the driving condition of said hybrid vehicle detected by said driving condition detection module and the power demand specified by said power demand specification module, while starting operation control of said internal

combustion engine, which includes fuel injection control and ignition control in said internal combustion engine, when a revolution speed of said internal combustion engine reaches the setting of the control start revolution speed" which the prior art references did not disclose.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
